Guide to the IPONZ Information for Clients Index

The IPONZ Information for Clients Index contains details of the items which have been published in part A (Policy Decisions) and part C (Reminders) of IPONZ's Information for Clients publication. This information is presented as a series of five Excel spreadsheets::

General contains items which pertain to one or more IP types or IPONZ in general
Trade Mark, Patent, Design contains information that pertains to that specific IP type

Keywords contains a list of the terms that have been used to classify individual Information for Clients items, in order to assist with searching.

The spreadsheets contain the following information:

Title - the title of the item as published in Information for Clients

Issue - the Information for Clients issue number in which the item was published and, where appropriate, the part (A or C). You can open the appropriate issue by clicking on the issue number, which is hyperlinked to the publication on the IPONZ website.

Date - the Information for Clients date of publication of

Keyword - the term(s) used to classify individual items

Section/Regulation - the particular section of the Act or regulation, if any, to which a policy refers

Related Items - indicates where one item is related to another. When the policy has been superseded, the number of the issue in which the latter policy has been published will be entered, and vice versa.

Searching the Index

Because the index is an Excel spread sheet it is possible to use the 'find' and 'sort' functions. For information about these features please consult the Microsoft Excel help menu.
