## Applications Advertised

---

At any time within three months from the date of issue of this Journal, any person may give notice of opposition at the Patent Office to any of the applications for a trade mark advertised hereunder. Such notice shall be in duplicate in the Trade Marks Form No. 8, shall set out the grounds upon which the objection is made, and shall be accompanied by the prescribed fee of \$300 plus GST where applicable. Any application for an extension of the time within which a notice of opposition may be filed may be made within the said three months.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration, so as to afford him an opportunity of withdrawing his application before the expense of preparing the Notice of Opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Applications advertised before acceptance, under the proviso to section 27(1) of the Trade Marks Act 1953 are so noted in italics.

The grant of registration of a trade mark confers property rights that apply to the sign as a whole. It does not confer property rights to any parts of the sign that are not registered separately. In no case does the presence of separate components in a registered trade mark mean a grant of monopoly rights to those separate components.
