VII. CORRECTIONS

In Journal No.115 (July-September 2008), page 11, section IV.A, Surrender of Protection, items 39 and 40, the *Tiarella* varieties, grant numbers 2139 and 2140, with denominations 'Crow Feather' and 'Jeepers Creepers' were surrendered in error. These two varieties are still valid and are listed in section VIII.A Plant Variety Rights Valid in New Zealand as at December 2008, in this Journal.

VIII. GENERAL INFORMATION

VIII.A PLANT VARIETY RIGHTS VALID IN NEW ZEALAND AS AT DECEMBER 2008

Variety Denomination (Commercial name*)	Grant Number Date	Address Code a. Grantee b. Address for Service (where applicable)
1	2	3

*In the case of some protected varieties the breeder may use a "commercial name" as well as the variety denomination. In response to requests for such information from the nursery industry, commercial names, if known, have been included in this list of valid plant variety rights.

It is stressed that reference in this Journal to a commercial name does not imply official recognition of the name or that the breeder concerned has any exclusive rights to it. For each protected variety, it is the variety denomination that is the official designation, over which the breeder enjoys an exclusive right of use.

VIII.B PRINTED PUBLICATION OF THE PLANT VARIETY RIGHTS JOURNAL

This Journal will be the last printed publication of the New Zealand Plant Variety Rights Journal. The Journal will continue to be published quarterly and will be available electronically on the website (www.pvr.govt.nz) and by email. If you wish to receive the Journal by email please contact Margaret Newton (Margaret.newton@iponz.govt.nz) and you will be added to the list, there will no longer be an annual subscription.

Those that receive the Journal by email will also be notified when a new Journal is available on the website.

Please note that the contents and information contained in the current Journal format will not change and the full list of protected varieties will be published on the website in the January Journal and the list of those varieties under test will be published in the July Journal.

VIII.C NEW ZEALAND TEST REPORTS FOR USE IN AUSTRALIA

IP Australia Plant Breeder's Rights and the Plant Variety Rights Office of New Zealand (PVRO) now have an agreed procedure for the request of NZ test reports for use in Australia.

When an application is applied in Australia for a NZ bred variety for which an application has also been applied for in NZ, you can either run a trial in Australia or request to use an official test report from the PVRO. See question 22 of the IP Australia Plant Breeder's Rights application form part 1 and requirements for use of overseas data on the Australian PBR website (www.ipaustralia.gov.au/pbr).

In the case of the official test report from the PVRO the agreed procedure is:

Step 1: Once the Australian PBR application has been filed, the applicant requests a test report from PVRO for their Australian application using the test report request form which includes the Australian application number and date of application. A copy of the test report request form must be supplied to IP Australia Plant Breeder's Rights.

Step 2: The PVRO will invoice the applicant for the cost of the test report. Test report cost would be the \$NZ equivalent of 350 Swiss francs. Upon payment of the invoice the PVRO will send the completed test report to IP Australia Plant Breeder's Rights (via email to pbr@ipaustralia.gov.au)

Step 3: The IP Australia Plant Breeder's Rights sends a copy of the test report to the nominated qualified person who prepares the detailed description for publication in the Australian Plant Varieties Journal.

VIII.D REVISION OF TECHNICAL QUESTIONNAIRES

All technical questionnaires are currently under review and will progressively be updated in 2009. The technical questionnaires currently on the website will be the first to be updated and will have a different appearance to the current forms. It is also planned to increase the number of technical questionnaires on the website.

If it is your practice to keep a file of the technical questionnaire you regularly use, we suggest that you update that file as soon as the new version is available. Please ensure that the correct and current technical questionnaire is supplied at application and note that the Plant Variety Rights Office will not accept old versions once the new version is available.

VIII.E CLOSING DATES – NOTICE TO BREEDERS ENTERING VARIETIES IN CENTRAL DUS TRIALS CONDUCTED BY THE PVR OFFICE

You will need to meet the following deadlines in order to have your variety included in the central trials to be established in 2009.

Grasses, white clover	i) Apply in writing to have a variety included in trial and supply technical questionnaire by 1 February 2009. ii) Make application by 1 March 2009.
Winter cereals	Make application by 15 April 2009.
Roses	Make application by 31 March 2009.
