

Technical focus group

The purpose of the Trade Marks Technical Focus Group (TFG) is to provide a forum for communication between client representatives and IPONZ in relation to the provision of technical trade mark intellectual property services in New Zealand. The Group meet to:

- feedback on proposed practices, process changes and upcoming publications,
- supplement the communication that the Ministry of Economic Development has with other parties interested in IP, for example policy consultation, client surveys, one-on-one contact with users of IP services.

Notes from the latest meetings are presented below.
