VIII.B CLOSING DATES – NOTICE TO BREEDERS ENTERING VARIETIES IN CENTRAL DUS TRIALS CONDUCTED BY THE PVR OFFICE

You will need to meet the following deadlines in order to have your variety included in the central trials to be established in 2012.

Potatoes	Make application by 1 August 2012.
Summer sown Brassicas	Make application by 1 November 2012.

VIII.C WEBSITE INFORMATION DOCUMENTS

The technical notes and guidelines section of the PVR page on the IPONZ website now has information on:

- availability and supply of plant material for PVR testing;
- the involvement of the PVR Office in infringement actions;
- the labelling requirements for protected varieties.

The information can be viewed at <http://www.iponz.govt.nz/cms/pvr/technical-notes-guidelines>

VIII.D ACCESS TO INTERNATIONAL PLANT VARIETY DATABASE

Following the launch of the new UPOV website in October 2011, there is now unrestricted access to the plant variety database through the UPOV site – <http://www.upov.int/pluto/en>. This database was formerly on CD-Rom and supplied to National Authorities or by public subscription. The database is searchable using a range of fields, botanical name, application date, authority, denomination, and covers the majority of protected or officially registered varieties in the world. Please note that the database uses variety denominations and searching by trade or commercial names will give unreliable results.
