strongly expressed	
) Spike: presence of infertile bracts —	f) Spike: main colour of infertile bracts (if present) –
e) Spike: presence of infertile bracts –	f) Spike: main colour of infertile bracts (if present) –
e) Spike: presence of infertile bracts – absent	f) Spike: main colour of infertile bracts (if present) – white
absent	
absent	white
absent	white green
	white green pink
absent	white green pink light purple
absent present) Corolla: colour –	white green pink light purple dark purple
absent present Corolla: colour – white	white green pink light purple dark purple
absent present Corolla: colour – white pink	white green pink light purple dark purple
absent present Corolla: colour – white pink purple	white green pink light purple dark purple
absent present Corolla: colour — white pink purple violet	white green pink light purple dark purple
absent present Corolla: colour — white pink purple violet light blue	white green pink light purple dark purple
absent present Corolla: colour — white pink purple violet	white green pink light purple dark purple

6. Similar varieties and differences from these varieties:

(Please use the following table and box for comments to provide information on how your candidate variety differs from the variety(ies) which, to the best of your knowledge, is (or are) most similar. This information may help the PVR Office to conduct its examination of distinctness in a more efficient way.)

Denomination(s) of variety(ies) similar to yours.	Characteristic(s) (e.g. plant height) in which the similar variety differs from yours.	Describe the expression of the characteristic(s) for the similar variety (e.g. short).	Describe the expression of the characteristic(s) for your variety (e.g. tall).			
Comments:						
7. Additional information which were half in the association of the society.						
7. Additional information which may help in the examination of the variety:a) Resistance to pests and diseases:						
b) Other information:						
8. Sites in New Zealand where plants of the variety are presently growing:						
a) On applicant's propert	y at:					
		No. of plants: (ap	pprox.)			
		Growth stage:				
Other property in New Z	ealand:					
		No. of plants: (ap	pprox.)			
		Growth stage:				

 b) List other varieties growing on applicant's (or other) property which would be available reference purposes: 	e for comparison and
c) Further material is being bulked up by:	
	(method of propagation
	(place
9. Special requirements or suitability for soil type or climate –	
Note: Colour image or photographs must be supplied at application. The following are the re	quirements that apply.
Colour image or photographs, where applicable, must accurately represent a fruit, ornament of every application for fruit, ornamental, tree or vegetable variety you should supply a photographs.	•
Supply a colour image or photograph representative of the variety and displaying as well as p feature(s). The image or photographs may be of the whole plant of the new variety and/or of	
or the flowers, whichever is most appropriate. Do not supply an image or photograph of the	ne original bred or discovered
plant, or in the case of a new mutation or sport the plant part from which the variety originat the image or photograph based upon plants or trees propagated from the original plant or plant
