

TECHNICAL QUESTIONNAIRE - LILY

To be completed in connection with an application for plant variety rights

1. Species: Lily (<i>Lilium</i> L.)		
2. Owner of Variety		
Full name:		
Address:		
Breeder's name and address: (if different from owner)		
3. Proposed denomination:		
Breeder's reference:		
a) Method of breeding or Seedling of unknown	scheme and propagation of the variety: selection (tick appropriate box and give variety name(s) if relevant) – own parentage trolled pollination	
Seed bearing parent:		
Pollen pa		
Produced by open pollination of		
Mutation or spor	t from	
Discovery		
Where:		
When:		

aracteristics of the variety: (Mark the state of exp	ression which best corresponds)
Flower: attitude of perianth –	b) Flower: shape of perianth (excluding pedicel) –
erect	trumpet
erect to horizontal	bowl
horizontal (outward facing)	flat
drooping	recurved
Flower: fragrance –	d) Tepal: main colour of central part –
absent or weak	
medium	
strong	
Tepal: number of papillae and/or spots –	f) Tepal: colour of papillae and/or spots –
absent or very low	white
few	yellow
medium	brown yellow
many	brown
Time of flowering –	red brown
very early	pink
early	red
medium	purple red
late	
very late	

6. Similar varieties and differences from these varieties:

(Please use the following table and box for comments to provide information on how your candidate variety differs from the variety(ies) which, to the best of your knowledge, is (or are) most similar. This information may help the PVR Office to conduct its examination of distinctness in a more efficient way.)

	Denomination(s) of ety(ies) similar to yours.	Characteristic(s) (e.g. Plant height) in which the similar variety differs from yours.	Describe the expression of the characteristic(s) for the similar variety (e.g. short).	Describe the expression of the characteristic(s) for your variety (e.g. tall).
Comr	nents:			
7. Add	litional information whic	h may help in the examination o	of the variety:	
a)	Resistance to pests and o	diseases:		
b)	Other information:			
D)	Other information.			
3. Site	s in New Zealand where	plants of the variety are present	tly growing:	
a)	On applicant's property a	at:		
			No. of plants: (ap	pprox.)
	Other preparty in New 7	oalandı	Growth stage:	
	Other property in New Z	caiaiiu.	No. of plants: (ap	pprox.)
			Growth stage:	, , ,
			Glowill stage.	

	List other varieties growing on applicant's (or other) property which would be available for comparison and reference purposes:				
c) F	Further material is being bulked up by:				
	(method of propagation				
	(place				
9. Special	I requirements or suitability for soil type or climate –				
c s c p tl	Colour image or photographs, where applicable, must accurately represent a fruit, ornamental or tree variety. In the case of every application for fruit, ornamental, tree or vegetable variety you should supply a photograph or image as pecified. Supply a colour image or photograph representative of the variety and displaying as well as possible its chief distinguishing feature(s). The image or photographs may be of the whole plant of the new variety and/or of plant parts such as the fruit or the flowers, whichever is most appropriate. Do not supply an image or photograph of the original bred or discovered plant, or in the case of a new mutation or sport the plant part from which the variety originated. Instead you should supply the image or photograph based upon plants or trees propagated from the original plant or plant part.				
O					
10. Autho	prisation for release:				
	Does the variety require prior authorisation for release under legislation concerning the protection of the environment, human and animal health?				
	Yes No				
	Has such authorisation been obtained?				
	Has such authorisation been obtained? Yes No
